Message from the *Mayor*

Cr Julia Cornwell McKean
Mayor, Berrigan Shire Council

On behalf of Berrigan Shire Council, I am pleased to share the Berrigan Shire Community Strategic Plan 2040 (CSP) with you. The CSP outlines our shared vision for the Berrigan Shire's future.

We've undertaken extensive community consultation to develop this plan. This plan recognises the vital role Council plays in achieving the aspirations set out in the CSP. However, we also acknowledge that it will take working collaboratively with state agencies, businesses, industry groups, community groups and individuals to make them happen.

The ongoing impacts of significant floods and the COVID-19 pandemic have challenged Berrigan Shire, reshaping our community's landscape and priorities. Despite these hurdles, our commitment to the future vision of our area remains unwavering. This plan highlights the partnerships, advocacy and coordination with other tiers of government to help ensure everyone in our community thrives into the future.

I extend my heartfelt thanks to the more than 740 community members who engaged with us, sharing valuable insights into the challenges, opportunities, and priorities facing our area. Your input is instrumental in the continuous evolution of our Community Strategic Plan, ensuring it reflects the diverse needs and aspirations of our community.

Vision

Our diverse population and productive natural landscape fuel a vibrant economy and a harmonious and thriving community.

Our plan

About our plan

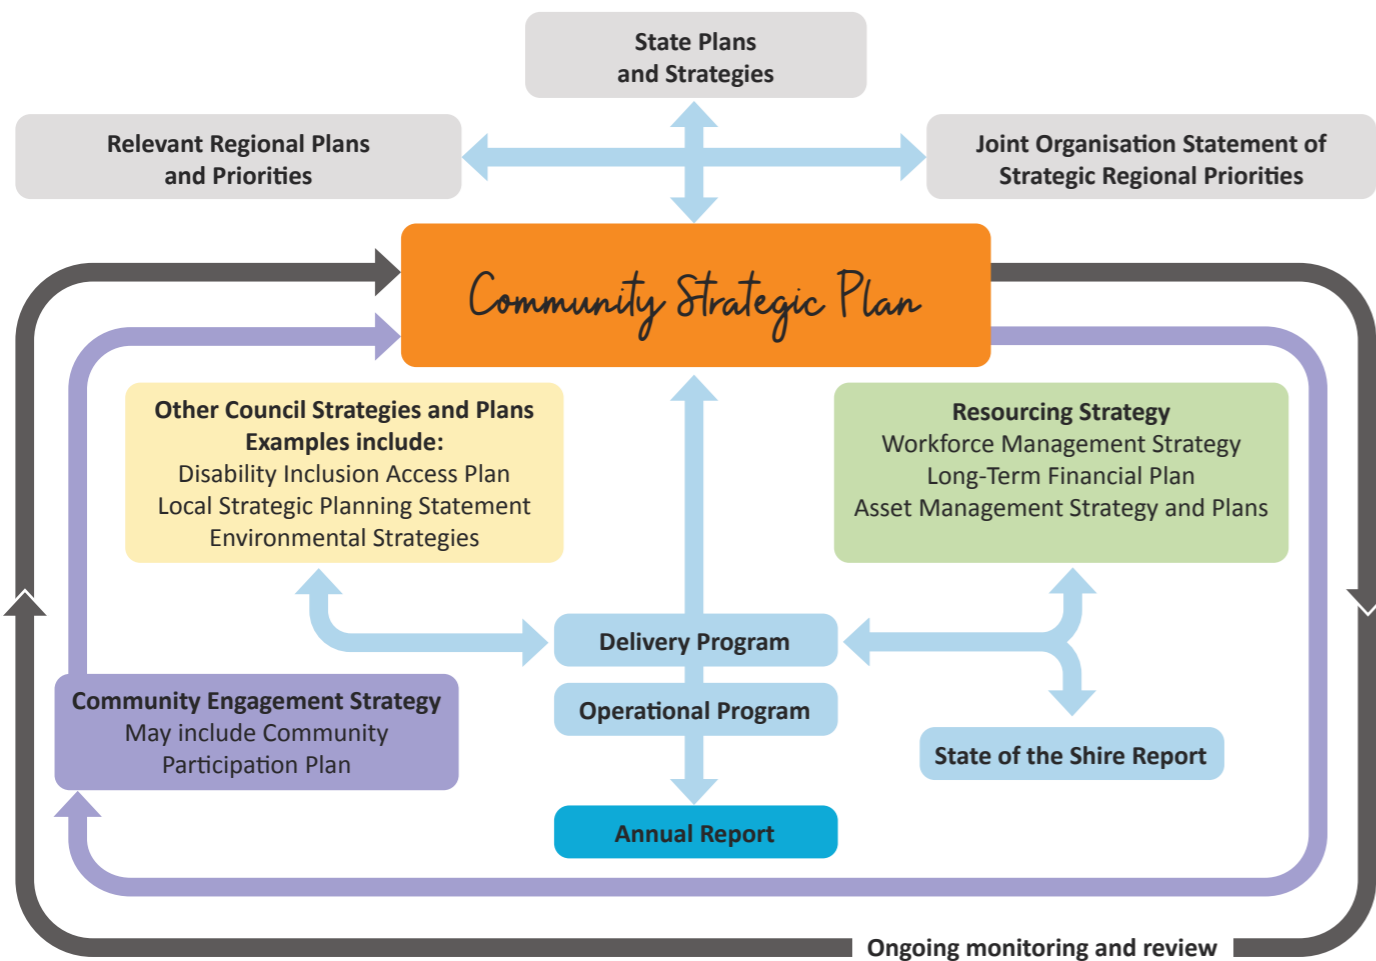

The Berrigan Shire Community Strategic Plan 2040 (CSP) documents the aspirations and priorities of our community. It sets out a long-term vision for the shire to 2040 and identifies the key priorities and strategies for achieving this.

It is the community's plan for the future, not a council plan. Berrigan Shire Council has a lead role in preparing the CSP; however, many other external agencies and stakeholders also contribute to achieving the vision and strategic priorities.

Integrated Planning and Reporting Framework

An integrated approach to planning and reporting is required under the Integrated Planning and Reporting Framework set out in the *Local Government Act 1993* and the *Local Government General Regulation 2021*.

This framework requires that the Council develop a series of plans, strategies, and reports linked to the community vision and priorities set out in the CSP. The Community Strategic Plan is based on the social justice principles of equity, access, participation and rights.

Our community

The Berrigan Shire is located in the south-western region of New South Wales. Bordering Victoria with the Murray River as its natural divide, the shire is a 3.5-hour drive north of Melbourne. Home to over 8,600 people, the Shire is expected to grow to a population of 10,000 by 2046, through natural increase and migration.

Berrigan Shire is distinguished by its spectacular natural environment and rich agricultural lands. Anchoring this rural landscape are the towns of Barooga, Berrigan, Finley, and Tocumwal—each a hub of community life, local business, and leisure activities. The local economy thrives on diverse sectors such as agriculture, healthcare, construction, and education, underpinning a robust tourism sector that draws visitors to this scenic part of Australia.

Community engagement

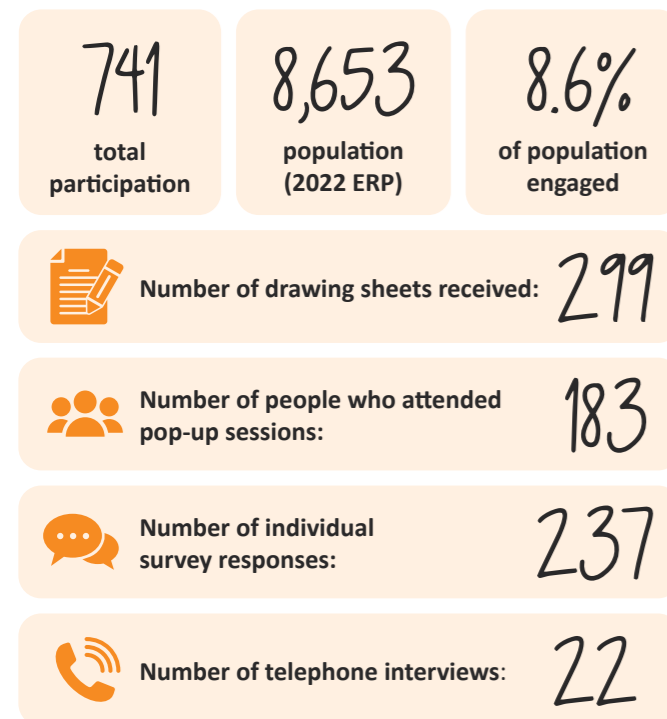

Participation

Over 740 people from Berrigan Shire participated in the Berrigan Shire 2040 Stage 1 engagement from 15 November 2023 to 15 January 2024. The community's people contributed their thoughts and opinions through an online survey, drawing sheets, pop-up sessions, and telephone interviews.

What we asked

1. What makes your community a great place to live?
2. What do you think are the main challenges facing your community?
3. What have you seen in another area/shire that you think would work well in your community?
4. What is one thing you would like to see achieved in your community in the next ten years?
5. What services or projects should be prioritised for the shire?

Strengths

In planning for Berrigan Shire's future, a strengths-based approach revealed the community's cherished aspects. The relaxed and safe lifestyle, enhanced by the area's family-friendly atmosphere and ideal location, was highly valued. The rich culture and strong community spirit, underpinned by a close-knit social fabric and a celebration of arts and heritage, stood out. The beauty of the natural environment, especially the cherished Murray River and Finley Lake, along with plentiful outdoor recreation and leisure opportunities, was also celebrated as a cornerstone of life in the Shire.

Challenges

Community feedback has identified several challenges within the Berrigan Shire. The rising cost of living is a concern, with increases in the prices of groceries, utilities, and the stress associated with rentals and mortgages. Infrastructure needs are pressing, particularly regarding water management and the maintenance of roads and footpaths. There's a crucial need to retain and support the youth through employment, training, and engaging services. Additionally, the housing market poses challenges in terms of supply, availability, diversity, and affordability, affecting the Shire's ability to attract and retain residents.

What is important to you

Participants told us that our shire could be enhanced through:

1. **Economic growth:** Tourism, job availability, industrial land availability, improved retail mix, access to qualified staff, better night economy.
2. **Sports and recreation:** Splash parks and improved aquatic facilities, dog-friendly spaces, playgrounds, sports facilities and skateparks.
3. **Infrastructure:** Improved roads and stormwater management, agricultural water supply, better wi-fi and mobile, and waste management.
4. **More activities and events:** Events and festivals, indoor attractions, entertainment, Aboriginal culture, and public art.
5. **Parks and green open spaces:** Murray River access and amenities, Finley Lake upgrade, parks and gardens, paths, more trees and shade.
6. **Services:** Health services and facilities, public and community transport, mental health services, aged care, childcare, police presence.
7. **Housing for all:** Diverse housing available for affordable prices, land supply, better quality housing and better planned new communities.
8. **Beautification:** Beautified streetscapes and townships.
9. **Education and training:** More tertiary education opportunities, and more schools.

Services and projects to prioritise

People who participated in the engagement indicated they would like the Council to prioritise health services, business and industry attraction, event delivery, improved internet and mobile, housing affordability and availability, aged and disability services, tourism and visitors, roads and parking, recreation management, and business support.

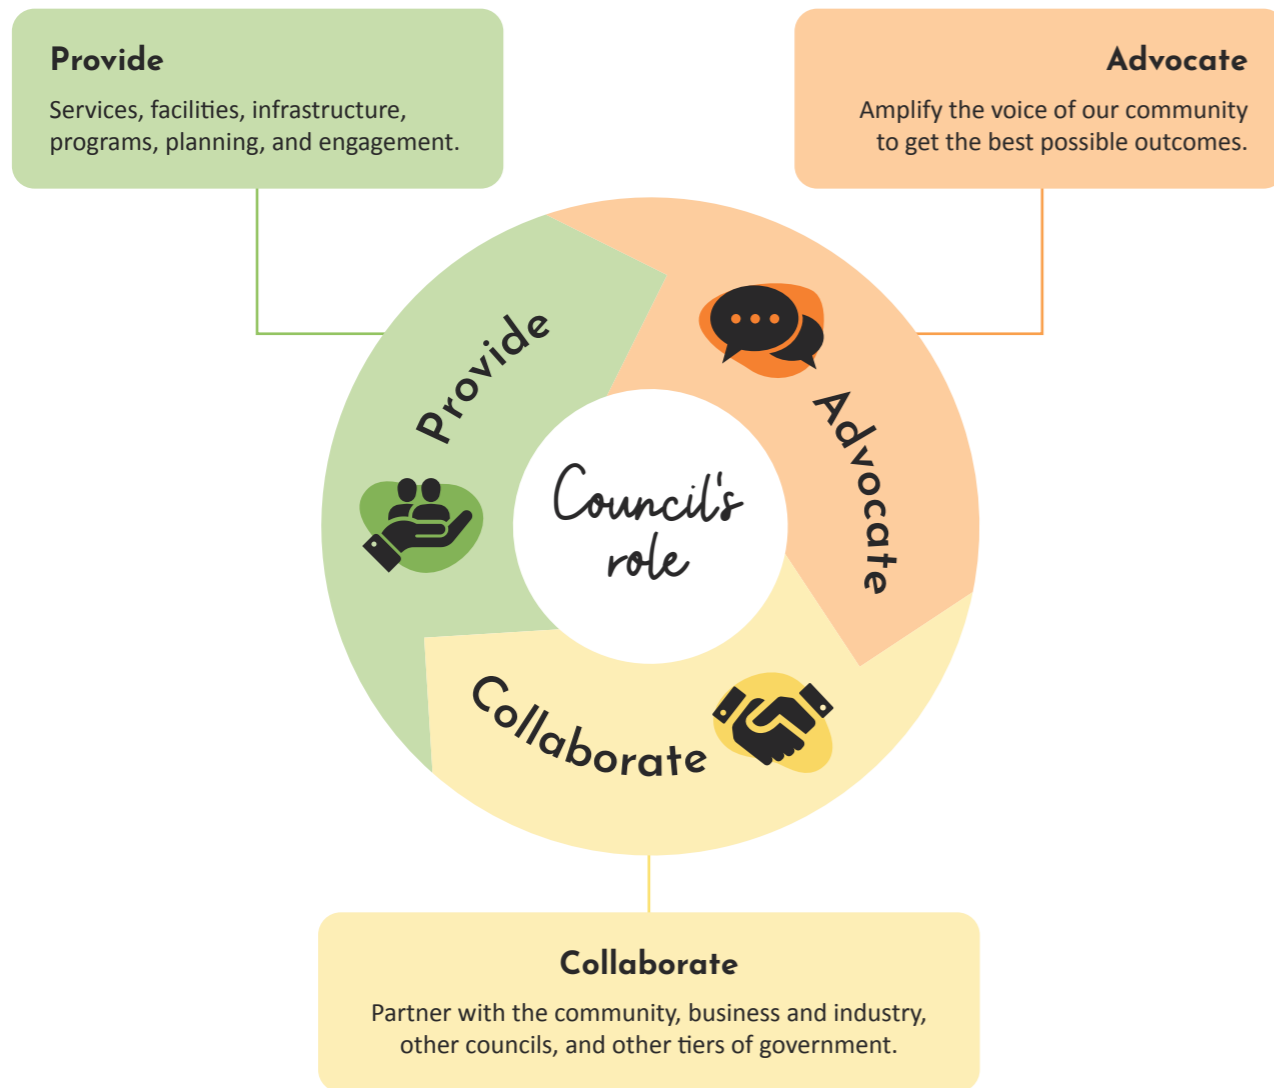

More to do for families, make our town worth visiting."

Council's role

Council is committed to understanding the community's priorities, concerns and needs in critical services, facilities and programs.

Whilst Berrigan Shire Council takes the lead as the preparer and custodian of the Community Strategic Plan, all levels of government, businesses, industry groups, community groups and individuals will share the responsibility for achieving our long-term community goals.

The Plan outlines the Council's role in the delivery of each priority, described using the following terms:

United Nations Sustainable Development Goals

In 2015, United Nations Member States adopted the 2030 Sustainable Development Goals. These Goals provide a shared blueprint for peace and prosperity for all people now and into the future. They also offer a critical framework for COVID-19 recovery. As global citizens, the 17 goals have been considered in the development of this strategy. The goals include:

Strategic plan

The Berrigan Shire CSP consists of five themes and strategic objectives:

CO. Our community
An inclusive, resilient community with a strong sense of belonging and pride.

EC. Our economy
A resilient and prosperous economy that supports employment and learning opportunities.

EN. Our environment
Our natural assets are protected and enhanced for future generations.

IN. Our infrastructure
Reliable and efficient infrastructure that meets the growing needs of our community.

CL. Our civic leadership
Transparent and responsible leadership that actively engages with and serves the community's interests.

Each Plan theme outlines strategic objectives based on community feedback, envisages where we want to be, how we will get there, Council's role, essential partners and collaborators and measures to track progress.
